Excision/Alteration: Yes.

Reason(s) for Excision:

Four excisions are required to the video recording. Three excisions are required in order to remove parts of two scenes in which sexual conduct of a degrading, dehumanising and demeaning nature is depicted to a high degree and extent, sometimes presenting as sexual violence or coercion, and in which the female participant is degraded, dehumanised and demeaned to a high degree and extent.

... Please turn over

One excision is also required to remove an interview sequence which, when viewed in combination with the explicitly depicted sex scene that follows it, degrades and demeans the female participant, and women in general, to a high degree and extent, such that it implicitly represents women as inherently inferior to men. The removal of these sequences will also serve to lessen the degrading and dehumanising elements in the feature's overall tone.
